

“The artist- the creative process”

The latest photographic series by Wojciech Korsak is a record of extraordinary meetings taking place in the spaces of artists' studios - painters, sculptors, filmmakers and musicians - and their private worlds. Gdynia Film Center invites you to the premiere of the album "In the Studios of Pomeranian Artists" and the opening of the exhibition entitled "The artist - the creative process". The event will take place on Wednesday, March 10, 2021, at 18.00.
